

Choose one of these for your Chapter 4 assignment:

1. An archery target consists of a central circle of yellow surrounded by a concentric rings of red, blue, black and white. Each ring has the same width, which is the same as the radius of the yellow circle. Write a program that draws such a target. Hint: Objects drawn later will appear on top of objects drawn earlier

Or

2. Write a program that draws 5 dice on the screen depicting a straight (1,2,3,4,5 or 2,3,4,5,6)
